TOP
of the food chain

It's a jungle out there but we all need more than just our creature comforts...

The new Forester is a genuine crossover vehicle, merging high performance with extreme comfort, fuel economy and a superior blend of active and passive safety. The Forester is the pride of its class in a fiercely competitive market, rated Best Compact SUV by CAR magazine for three consecutive years, 2003, 2004 & 2005. The revamped Forester range comes in 2.5-litre engine, manual and automatic naturally aspirated versions with low-range transfer box in the manuals. The turbocharged versions come with five-speed manual and four speed SportShift automatic. The superior drivetrain behaviour relies on animal instinct, giving absolute control to its master while on the prowl. The symmetry of the Forester's natural balance allows you to experience a perfect drive through golden savannahs or cities of industry.

Now is the time for you to hunt the Forester, at the nearest Subaru dealer.

*Manufacturer Warranty (100 000km/3 years) | Full Maintenance Plan (63 000km/3 years)
